

◆ IMPORTANT SAFEGUARDS

The bidet is generally a safe system, having met or exceeded CE (EUROPEAN COMMUNITIES) standards for safety. When using electrical products, especially when children are present, safety precautions should always be followed. Including the following:

Read all instructions before operating the system!

CAUTIONS! To reduce the risk of burns, electrical shock, fire or injury to users:

1. The bidet is for use on a nominal AC220-240V circuit, and has a grounding plug.
2. Use the bidet **ONLY** for the intended use as described in this manual.
3. Do not use while bathing.
4. Do not place or store product where it can fall or be pulled into a tub or sink.
5. Do not place in or drop into water or other liquids.
6. Do not reach for a product that has fallen into water. Unplug immediately.

CAUTIONS! To reduce the risk of burns, electrocution, fire, or injury to persons.

1. Closing supervision is necessary when this product is used by, on, or near children or invalids.
2. Use this product only for its intended use as described in this manual. Do not use attachments not recommended by the manufacturer.

3. Never operate this product if it has a damaged cord or plug, if it is not working properly, if it has been dropped or damaged, or dropped into water. Return the product to a service-center for examination and repair.

4. Keep the cord away from heated surface.

5. Never block the air openings of the product or place it on a soft surface, such as a bed or couch, where the air openings may be blocked. Keep the air openings free of lint, hair, and the like.

6. Never use while sleeping or drowsy.

7. Never drop or insert any object into any opening or hose.

8. Do not use outdoors or operate where aerosol (spray) products are being used or where oxygen is being administered.

9. Unplug this product before filling. Connect the water supply, turn off the T-valve/Bidet hose/Toilet hose. Turn on the valve.

10. This appliance is not intended for use by persons (including children) with reduced physical, sensory or mental capabilities, or lack of experience and knowledge, unless they have been given supervision or instruction concerning use of the appliance by a person responsible for their safety. Children should be supervised to ensure that they do not play with the appliance. The instructions concerning persons (including children) with reduced physical, sensory or mental capabilities, or lack of experience and knowledge and children playing with the appliance are not applicable. They have to be earthed.
